Very Remarkable Cure of Diarrhoea.
"About 6 years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. Jas. Wood & Son, Druggists.

Grand Fire Slide for Life!

By Prof. Samuel Whittaker.

This is one of the most daring acts ever witnessed by the public. In this act Professor Whittaker goes on a high platform on the roof of the Amphitheater at the Fairgrounds, from which there is an inclining cable 400 feet in length. His clothing is saturated with gasoline and set on fire, and he dives down the cable to a tank of water which he dives into and the flames are extinguished, making one of the most pleasing and exciting acts ever witnessed. It will be impressed on your mind for a lifetime. This was the crowning feature at the World's Fair, Nashville Exposition and Paris Exposition. Should be called "a dive through fire and flame." Don't fail to see it. If rain on any of the above nights, performance next fair night. Remember, everything is free.

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household shop or office duties. That this condition goes on uncorrected for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases. Mr. F. Jones of No. 107 Union street, Maysville, Ky., says:

"I was troubled with nervousness, sleeplessness and dizziness. Hearing of Dr. A. W. Chase's Nerve Pills I decided to try them. I got a box at Chenoweth's Drugstore and as a result of their use my nerves are again steady—I sleep well and have no more of those distressing dizzy spells. I can truthfully recommend this medicine as an excellent nerve tonic."

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union price and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours. Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.

Maysville Weather.

What May Be Expected... During the Next Thirty-six Hours.

THE LEDGER CODE

White streamer—FAIR;
Blue—RAIN or SNOW;
Black ABOVE—WILL WARMER grow.
Black BELOW—COLDER 'twill be;
If Black's not shown no change we'll see.
The above forecasts are made for a period of thirty-six hours, ending at 6 o'clock tomorrow eve.

The Seventh District of the Mason County Branch of the Kentucky Sunday-schools will have its picnic at Cherry Grove Campground July 17th. A number of Sunday-schools in Fleming county will unite with them in this outing. Great interest is being manifested in the Sunday-school cause in this District. Some parties from this city are expected to be present, and deliver addresses on that occasion.

TRACTION LINES.

Their Construction Would Greatly Benefit Maysville Interests.

There has been much agitation recently of the matter of the construction of traction lines from Maysville to various points. If it is expected that Maysville shall be in the future any more than she is at the present, it must be the result of the city's own efforts, to a very large extent.

The citizens are in a position now where, by united efforts, traction lines can be constructed and made great aids to commercial advancement.

No one can successfully deny the fact that there is great stagnation in the real estate market in our city. Why this should be, when the geographical position is not rivaled by any city in the United States, is beyond comprehension. It has been asserted by a business man, that "No business of itself is a failure, but the man who conducts that business is himself responsible for its success or failure." If this is true of a business, it is also true of a municipality.

With a traction line from Columbus, O., or practically from the Northern Lakes, to Ripley, and a strong probability of its being constructed to Aberdeen, it is beyond the bounds of reason to suppose that in case sufficient activity is manifested on the Kentucky side of the Ohio, that some enterprising company would deem a connecting link spanning the Ohio river to be a profitable investment? Thus, with the bridging of the Ohio river, and the further fact that Maysville would thus become a railroad center of considerable importance, one certainly feel that the future prosperity of the city would be assured.

Now is the time to act; act in the present, act energetically, hopfully, and leave to the future the fruition which is bound to follow. Then for the watch-word, "Greater Maysville, brick streets, traction lines, and all modern; up-to-date improvements."
